

Basic Testing Program

The Hitchcock County School District will use a basic testing program to evaluate the outcome of the educational program and to provide information needed in working with individuals. The program will be supplemented by such individual and supplementary tests as the needs of the educational program and the district indicate. The superintendent and designees will coordinate the program from Kindergarten through twelfth grade to provide continuity. Teachers are prohibited from engaging in any behavior that adversely affects the validity of test scores as a measure of student achievement.
